INTRODUCTION

This volume of the CAMBRIDGE DIRECTORY is numbered *fifty four* of a series substantially annual since 1847 a period of fifty-eight years; the only omission being for 1855, 1858, 1862 and two between 1862 and 1868; the publications during this period being for 1863-4, 1865 and 1866-7. Since and including 1868 the Directory has been issued annually.

This issue for 1905 marks an improvement in many ways: the larger page showing many more names at one opening and permits a more convenient map; additional information is given in the House Directory and a new department containing lists of Births, Marriages and Deaths with Automobile Owners and Horse Owners will be found valuable in many ways.

Over forty thousand names are contained in this volume. The population of CAMBRIDGE is very near if not quite 100,000.

CAMBRIDGE was incorporated as a city in 1846. The first Directory was published in 1847 and in this volume we are able to present one of the rarest illustrations of a long business experience. Mr Joel S Orne established his business in 1841 and is now engaged in the *same business at the same location*. A fac-simile of his advertisement published less than six months after his start and still within the year 1841 appears on another page. This active business life of sixty-four years without a change of location is an experience almost if not actually without a parallel.

The publishers acknowledge with thanks the patronage and kind assistance of the Citizens Trade Association and other organizations and the business public generally.

Respectfully,

W. A. GREENOUGH & CO.

**INSTRUCTIONS TO KEY
HOLDERS**

Alarms to be given from the box
nearest the location of the fire.

Do not give an alarm for a fire seen
at a distance, unless assistance is
called for..

To give an alarm, open the door
pull the hook to the bottom of the slot
once, and let go. Each box contains
a small bell, which, if heard before
you pull indicates that an alarm has
been previously given, and by listen-
ing at the box, you will learn the
number of the box from which the
alarm was given, but in no case will
you pull the hook while the alarm is
striking. After giving the alarm, re-
main at the box so as to direct the
fireman to the fire. Be sure that you
lock the box before leaving it.

Citizens are requested to inform
themselves where keys to the signal
boxes are kept, signs suitably in-
scribed being placed over each box
giving the requisite information.

First alarm will be given by strik-
ing two or more rounds of box num-
ber.

Second alarm will be given by re-
peating the first alarm.

Third alarm will be given by strik-
ing three blows twice on gongs, bells
and whistles.

General alarm will be given by striking three blows three times on gongs, bells and whistles.

Muresco is artistic; it produces a finish that has a soft, smooth, silky appearance which is very agreeable and restful to the eye. It is cleaner and more healthful than wall-paper, wears better and is fireproof. Muresco is good enough for the finest decorations, cheap enough for the coarsest work.

Ask your dealer or write us for tint card, etc., also a beautiful Map and Safety Matches Free.

"MURESCO"

is not only used on the **WALLS** and **CEILINGS** of your house but also on your **CELLAR WALLS**. It is **White, Sweet, Clean**, fireproof and free from Arsenic. It is really cheaper than whitewash as it lasts longer, will not scale or rub and generally one coat is sufficient.
